

State Government Schemes:-

A. Comprehensive Policy on Decentralised (Off-grid) Energy Generation Projects based on New & Renewable Energy (Non-conventional) Energy Sources-2016

1. Who are the beneficiaries?
 - Projects can be taken up at urban areas of Municipal Corporations/Corporations or in rural areas of Grampanchayat' where large quantity of segregated organic biodegradable waste can be made available
 - Apart from this, biogas power projects can be set up at locations where large quantities of organic biodegradable waste is available i.e. in Government/Semi-government organizations or private (viz. Prisons, Animal Husbandry Department' Bull rearing centers/Pedigree of bulls frozen semen laboratory etc., canteens of Industrial/Commercial organizations etc.) or at other places where huge quantities of organic biodegradable /kitchen wastes is available
 - Segregated MSW based power generation projects are supported under the policy
 - Standard KVIC & fixed dome models (25-85 m³) are supported. Along with this, other biogas power projects those were earlier approved by MNRE would also be supported. However, biogas power projects based on new technology with proven performance in Indian environmental conditions & those have been accorded with certificate of successful successive operation by Government/Semi-government/ Urban Local Bodies can also be considered as a special case
 - Private mode projects would also be supported
 - Beneficiary can also avail the Central Financial Assistance from MNRE-GoI (as per MNRE guidelines except segregated MSW projects)
2. Where to submit the proposal for availing benefits under MEDA policy?
 - Biogas based power generation project proposal has to be submitted with MEDA.
3. What are the required documents?
 - - A) Project information in prescribed format of MEDA (Annexure 5)
 - B) Notarized undertaking in prescribed format of MEDA (Undertaking regarding minimum 10 year of operation of project) (Annexure 6)
 - C) Detailed project report (technical & economical feasibility report)
 - D) Proof of possession of land (viz. 7/12 or registered sale deed or registered land lease agreement for 10 years etc.)
 - E) Information regarding bank loan/source of finance (viz. bank loan sanction letter or company/organization' CA certified statement of expenditure or balance sheet)
 - F) Legitimate & certified documents regarding available organic bio-degradable waste/cattle
4. What is the range of capacity to be installed under this policy?

➤ 3-250 kW capacity

5. What is the pattern of Central Financial Assistance?

➤ To develop such kind of projects (Range: 3-250 kW capacity & 100% biogas based generator project) in the State, the financial assistance of Rs.40,000 per kW is available & it will be released on "first come first serve basis" in accordance with the budgetary provision on reimbursement basis.
